PROFESSIONAL SUMMARY

Detail-oriented and analytically driven Data Analyst with hands-on experience in transforming complex datasets into actionable business insights. Proficient in SQL, Python, and BI tools with a strong foundation in statistical analysis. Passionate about leveraging data to drive product decisions and growth strategies in fast-paced Tech and Business environments.

TECHNICAL SKILLS

Languages & Querying: Python (pandas, NumPy, matplotlib, seaborn), SQL (MySQL Workbench), AI Machine Learning (Regression and Classification)

BI & Visualization: Power BI, Excel (PivotTables, Data Modelling, Statistical Analysis)

Tools & Platforms: Git, Jupyter Notebook, VS Code

Business Intelligence: Market Analysis, Trend Identification, Performance Metrics, ROI Analysis

Soft Skills: Problem-Solving, Attention to Detail, Communication, Team Collaboration, Presentation, Critical Thinking, Predictive Reasoning

EXPERIENCE

Data Analyst Intern *Mar 2025 – Dec 2025*

DataBridge Technologies — Lagos, Nigeria

- Built and maintained interactive Power BI dashboards tracking 15+ KPIs for the Product and Marketing teams, reducing manual reporting time by 40%.
- Wrote optimised SQL queries to extract and clean 2M+ row datasets from PostgreSQL, supporting weekly business reviews and ad-hoc analyses.
- Conducted A/B test analysis on onboarding flow changes, identifying a 12% lift in trial-to-paid conversion — insight adopted into product roadmap.
- Automated recurring monthly reports using Python (pandas), saving ~8 hours of analyst time per reporting cycle.
- Collaborated with cross-functional teams (Product, Engineering, Sales) to define metrics and ensure data quality across pipelines.

Data & Research Assistant (Part-Time) *Sep 2023 – Nov 2024*

Lagos Business School — Lagos, Nigeria

- Compiled and cleaned survey data from 500+ respondents using Excel and Python, enabling academic analysis on fintech adoption trends.
- Produced data visualisations and summary statistics for two peer-reviewed research papers.
- Maintained a centralised Google Sheets tracking system used by a 6-person research team.

Internal Audit Unit *Apr 2023 – Aug 2023*

Adekunle Ajasin University, Akungba Akoko, Ondo State

- Audit reporting and documentation; compliance review and assessment.
- Internal control evaluation and testing; risk assessment and management.
- Reviewed financial transactions and account balances.

PROJECTS

SkyConnect Group of Airlines 2026

Personal Project | github.com/oluwafemiemmanuel551/skyconnectgroupofairlines

A comprehensive analytics project examining flight performance, revenue trends, and operational efficiency for SkyConnect Group of Airlines across key African hubs (Lagos, Nairobi, Cairo, Dakar) covering 2022-2024, with a datasets of 1,000 flights and 590M total revenue.

- Identified weather and ATC control as the primary delay drivers, accounting for 76.8% of severe delays
- Uncovered revenue growth of 300% from 2022 to 2023 (\$272M peak), with an 8% decline in 2024
- Discovered that regular passengers generate 3x more revenue than premium loyalty tier members identified young adults (15% of passengers) as an underrepresented but high-potential demographic
- Recommended ML-based predictive delay management and loyalty programme restructuring
- Delivered data-backed strategic recommendations to improve customer satisfaction and operational efficiency

EDUCATION

B.Sc. Accounting (Second Class Honours) 2019 - 2024

Adekunle Ajasin University Akungba-Akoko — Ondo, Nigeria

Relevant coursework: Profitability & Accountability, Bank Reconciliation, Cashflow (Inflows and Outflows), Statement of Financial Position.

Final Year Project: *Corporate Dynamics and Effective Tax Rate Among Listed Consumer Goods Firms in Nigeria* — Awarded Best Undergraduate Project (Department of Accounting).

CERTIFICATIONS & TRAINING

TSA Certified Data Analyst April 2026

Tech Studio Academy

Completed intensive data science program covering statistical analysis, visualization, and business intelligence tools.

Advanced Python & SQL Certification April 2026

Tech Studio Academy

Specialised training in database management and Python programming (Pandas, NumPy).
